The Right Cleaner, Exactly Right!

WS-609 Mix Concentrate **PLUS**

Product Code: 3492

Resins, Latexes, Regular Solvents, Oil And Fuels.

Description:

WS-609 Mix Concentrate PLUS™ cleans resins, latexes, adhesives, regular solvents, oil and fuels. When combined with Green Strip™ it may eliminate the need for pre-solve.

Formulated from biodegradable surfactants for exceptional cleaning power.

Lowers total cost of cleaning, by reducing tank cleaning time, eliminates manual scrapping, reduce waste disposal costs with lower effluent volume, and is reduces stress on waste stream solids. Safer than traditional caustic soda or sodium hydroxide

Technical Details

Color..... Water White
pH.....12.5
Biodegradability.....Complete

Application:

Prepare **WS-609 Mix Concentrate Plus** in a 5–10% by volume solution. Bring temperature to 190°F, and maintain for the duration of the cleaning process. Start spinning. Depending on how dirty the trailer is, cleaning will take 30 minutes to 1 hour. Adjust the concentration until the desired economy and effectiveness are achieved. Soil load, and water hardness will effect life of vat. Recharge vat as required with additional **WS-609**, or **Green Strip Detergent**.

* 10 Gallons of WS-609 Mix Concentrate **Plus** will make a 550 Gallon vat. Blend with Green Strip if the difficult clean is expected
