The Right Cleaner, Exactly Right!

WS-609™ Latex Skin Cutter

Mix Concentrate **PLUS**

Part Number 3492

Resins, Latexes, Regular Solvents, Oil And Fuels.

Description:

WS-609 Mix Concentrate PLUS™ cleans resins, latexes, adhesives, regular solvents, oil and fuels. When combined with Green Strip™ it may eliminate the need for pre-solve. Formulated from biodegradable surfactants for exceptional cleaning power.

WS-609 Mix Concentrate PLUS™ lowers total cost of cleaning, by reducing tank cleaning time, eliminates manual scrapping, reduce waste disposal costs with lower effluent volume, and reduces stress on waste stream solids. Safer than traditional caustic soda or sodium hydroxide products.

Technical Details Color..... Water White

pH.....12.5

Biodegradability.....Complete

Application:

Prepare **WS-609 Mix Concentrate Plus** in a 2% to 4% by volume solution. Bring vat temperature to 190°F, (88°C) and maintain for the duration of the cleaning process. Start spinning cycle. Depending on the soil load, cleaning will take 30 minutes to 1 hour. Adjust the concentration until the desired economy and effectiveness are achieved. Soil load, and water hardness, will effect life of vat. Recharge vat as required with additional **WS-609**, or **Green Strip™ Detergent**.

10 to 20 gallons of **WS-609 Mix Concentrate PLUS™** will make a 550 Gallon vat. Boost with Green Strip™ if the difficult clean is expected

Net Contents: 5 Gallons (19 Liters)
